

## 1262B TECSource Cable, 10 A, 2 m

Similar to the [1260B TECSource Cable](#), but adds wiring for 4-wire RTD configuration, and also support for operation up to 10A. The cable is terminated with DB-15 connectors on both ends for quick connection to any Arroyo Instruments mount.

A version of this cable, the [1263B TECSource Cable](#), is available which features bare tinned wires on the fixture end.
