

## 224-C-01 Standard Cover

The 224-C-01 is the same cover that comes standard with our 224 mount, but may be useful where you are modifying the cover to fit your specific application. Cover is to be used in conjunction with [224 LaserMount](#).

## 224-C-02 Opto-Mech Cover

The 224-C-02 cover features opto-mechanical mounts for the 30mm cage system and 1" optical lens tubes. Cover is to be used in conjunction with [224 LaserMount](#).

## 224-C-03 Fibre Pigtailed Cover

### Fibre Pigtailed TO-Cans

The 224-C-03 cover is designed for fibre-pigtailed TO-cans that use the 12mm or 18mm mount hole spacing. The cover has an enlarged hole to accommodate the larger package. Cover is to be used in conjunction with [224 LaserMount](#).
